### Rebecca Thorpe Constitution Alive every other Saturday

I am doing Constitution Alive every other Saturday. I used just one lesson each time. After the class for 1/2 hour - 1 hour discussion time. I had a different speaker for 15 minutes each week on different topics: election integrity from a person on the election task force in NYS, COS volunteer, MAFA (make America free again-fighting medical tyranny), Conservative party leader in the county, a precinct captain. The last class we had a spontaneous prayer meeting about election integrity because Rick was discussing voting in the last lesson.

### Marla Pascarelli Constitution Alive in 6 Consecutive Days

Marla did a 6 consecutive day Constitution Alive (6 week version) on Zoom. She called it Christmas Crash Course as she led it for a lot of homeschool moms at the beginning of Christmas break.

## **Kolene Woodward Constitution Alive Friday Evening/Saturday**

**TABLE SET UP:** I take the DVD sets of Constitutional Defense and Biblical Citizenship along with copies of the workbooks. I put out a Founder's Bible, several Rick Green and David Barton books, and explain each of them at the beginning of class so that people can look through them during the break.

We started with pizza an hour before class started. We also started with a light breakfast and coffee Saturday morning and a box lunch Saturday.

I charged \$15 for the class and an extra \$22 if they wanted a workbook.

### **SCHEDULE:**

**5:00 Friday: Pizza!** Enjoy some fellowship over some pizza. We held our class at church so we grabbed some "take and bake" to keep costs down and baked them at church.

**6:00 Class Starts!** I give a brief intro of what the class will entail and then begin.
